

I. LISTING OF THE CLAIMS

The following listing of claims will replace all prior versions and listings of the claims in the application:

Listing of the Claims:

1. (Original) A method of enhancing death receptor-induced apoptosis in a MUC1 expressing cell comprising contacting said MUC1 expressing cell with an effective amount of a MUC1 antagonist.
2. (Original) The method of claim 1, wherein said MUC1 expressing cell is a MUC1 expressing cancer cell.
3. (Original) The method of claim 1, wherein said death receptor-induced apoptosis is Fas-induced apoptosis.
4. (Original) The method of claim 1, wherein said death receptor-induced apoptosis is a TRAIL receptor-induced apoptosis.
5. (Original) The method of claim 1, wherein said MUC1 antagonist is an antisense polynucleotide or a siRNA polynucleotide.
6. (Original) The method of claim 1, wherein said MUC1 antagonist is a MUC1 ligand trap molecule.
7. (Original) The method of claim 1, wherein said MUC1 antagonist inhibits the binding of MUC1 to a PDZ domain.
8. (Original) The method of claim 1, wherein said MUC1 expressing cell is within a patient in need of treatment comprising induction of death receptor-induced apoptosis cell death of said MUC1 expressing cell.
